

# CRIMPING TOOL B500ND

Battery driven hydraulic tool  
from Cembre for Cu 16-240mm<sup>2</sup> and  
insulated ferrules for EX(ABC) 25-95mm<sup>2</sup>

## Technical Characteristics

- 60 kN Crimp / (6 tonn)
- Crimping head with 180° rotation
- Ergonomic 2-components handle
- Crimping head with automatic lock and replaceable dies
- Very fast, 3 x Axial pump
- Multifunktion 3-colored LED-indication lamps
- USB-port for reading cutting curves and keeping the controle
- Forceful 18V 1.5 Ah battery, and 3Ah extra battery, system for performance management
- Read battery status directly on the battery
- Tool weight with battery = 3,15 kg
- See dies table on page 210.

## The set includes

- Comes with charger, extra battery, USB cable,
- software and storage bag
