

SEALIT

Sealing kit for temporarily disconnected cable

The kit is intended for use on cable that must be left "blinded", short circuit and grounded in input side. Flame retardant heat shrink tubes and end caps with adhesive ensures that the cable end is protected against penetration of gas, dust and moisture. Standard sets are adjusted to phase, length up to 500 mm.

Kabeltype	El. no	Title	Conductors/pairs	Cross section mm ²
Signal / communication	11 317 42	SEALIT 1	1 - 12 par/trippel	0,75-1,5
	11 317 43	SEALIT 2	16 - 32 par/trippel	0,75-1,5
Cable 0,6 / 1 kV	11 317 42	SEALIT 1	1	16-50
	11 317 43	SEALIT 2		185-300
	11 317 42	SEALIT 1	2	1,5-16
	11 317 42	SEALIT 1	3	1,5-35
	11 317 43	SEALIT 2		50-120
	11 317 42	SEALIT 1	4	1,5-35
	11 317 44	SEALIT 3		50-120
	Cable 6 / 10 kV	11 317 43	SEALIT 2	1
11 317 45		SEALIT 4	3 og 3+E	25-150
