

SHIPLINK 10-20 kV

Cable joints for medium voltage shipboard
cables from 10 - 20 kV

Cable jointing concept mainly based on flame-retardant, halogen free heat shrinkable tubings. The cable joints are designed for shipboard cables.

The joint kits contain all the necessary equipment for installation, including connectors for all conductors and earth. The installation instructions can be supplied in both Norwegian and English language.

- Easy installation
- Small diameter increase, compared to cable diameter
- Fits a range of cross-sections
- Suitable for a variety of shipboard cables

SELECTION TABLE AND CATALOG NO, SEE NEXT PAGE.

Splice kits for 0.6 - 1 kV power cables and 250 V signal cables are available.

SELECTION TABLE

for shiplink 10 - 20 kV high-voltage cable joints

Cable size mm ²	Product name	Catalog no
10 - 20 kV 1-core		
1 x 25-70	Shiplink 10-20 kV 1 x 25-70	11 321 82
1 x 95-240	Shiplink 10-20 kV 1 x 95-240	11 321 84
1 x 300	Shiplink 10-20 kV 1 x 300	11 321 88
10 -20 kV 3 core		
3-4 x 25-70	Shiplink 10-20 kV 3-4 x 25-70	11 321 89
3-4 x 95-240	Shiplink 10-20 kV 3-4 x 95-240	11 321 90
All	Shiplink Armour set	11 321 77
