Set of 3 pieces. El.nr. 11 318 70

E20. Earthed adapter for CB kontakt.

Ball dia. 20 mm: Set of 3 pieces. El.no 11 318 72

Ball dia. 25 mm: Set of 3 pieces. El.no 11 318 73

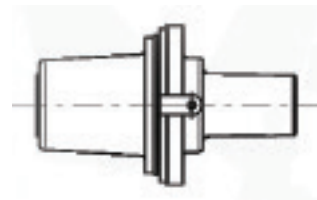

CP 630/250 ST. Reduction Plug for T-connector.

Mounted in a T-connector, first remove the insulation plug.

When reduction plug is installed, connect an elbow or
straight connector directly to 250 Ampers part of the plug.

NB! Disassembly / Assembly should never happen until
voltage measurement and the necessary grounding of the
work is done. Particularly suited to the provisional pairing of
transformer cable and main cable in a supply network.

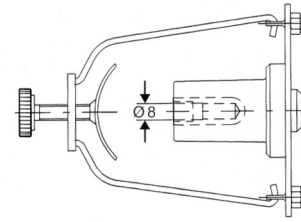

Set of 3 pieces. El. nr. 11 317 55
