

CLEANING PRODUCTS FOR CABLE

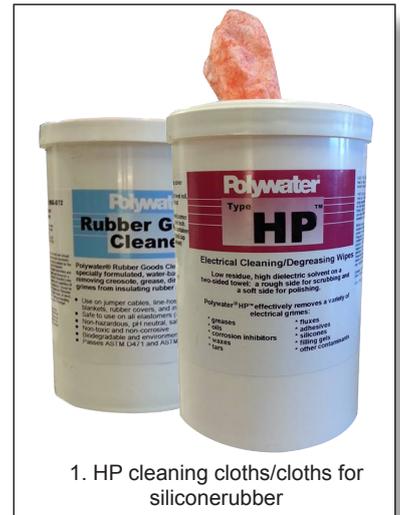

1. HP Cleaning towels and HP cleaning cloths for silicone rubber. Skinfriendly wipes for effective dirt/grease removal, assembly paste and silicone paste. Removes stains by harsh chemicals easily, ex. paint, glue and tape, silicone, epoxy and PU foam.

2. HP Cable Cleaner should be used in areas with good ventilation, its then not harmful to humans. The cleaning fluid has a high ignition level, 120°, but, should still not be used near open flame.

3. Lint-free tissue, associated cleaning fluid.

4. HP Cleaning cloths for cable. Tandempack, wet-wipe and one dry cloth.

Security blades on request.
