

AIN single core

Termination AIN for 1-core shipping cable, type TFOI / MPRXCX

Terminations for indoor use on single core medium voltage cable, with voltage level up to 12 kV, used in ship installations.

AIN-series is also used on 3-core cable, see page S 504.

AIN 12 terminations for shipping cables is an end termination of type “push on” made of very flexible silicone rubber with use “stress-con” principle for field management.

The product has been tested and approved for use up to 12 kV for CENELEC HD 629.S1.

Each kit contains complete terminations for 3 complete 1-core cables, with assembly instructions.

Lugs must be ordered separately according to the pressure system to be used.

- Very easy to install
- Good cross-section flexibility

Certified by DNV-GL, TAE00002HW.
