

AIN 3-core

Termination AIN for 3-core shipping cable, type TFOI / MPRXCX

Terminations for indoor use on 3-core medium voltage cable, with voltage level up to 12 kV, used in ship installations.

AIN 3-core terminations for shipping cables is an end termination of type “push on” made of very flexible silicone rubber with use “stress-con” principle for field management.

The product has been tested and approved for use up to 12 kV for CENELEC HD 629.S1.

Each kit contains complete terminations for 3-core cables, with assembly instructions.

Lugs must be ordered separately according to the pressure system to be used.

- Very easy to install
- Good cross-section flexibility
- Diameter over insulated conductor is decisive when choosing termination

Certified by DNV-GL, TAE00002HW.
