

CORDLESS HYDRAULIC CUTTING TOOL B-TC650

Overhead line application

8.0 V cordless hydraulic cutting tool specifically designed to cut Copper, Aluminium and telecommunication cable having a max overall diameter of 65 mm. The blades are manufactured from high strength special Steel, heat treated to ensure a long service life.

Ah batteries offer a higher capacity, greater cutting speed and cutting force result from a revitalised hydraulic system with double speed action. The battery is equipped with LED indicators to show the remaining battery life at any time by pressing the adjacent button. The head can rotate through 180 degrees, to enable the operator to work in the most comfortable position. Fitted with a maximum hydraulic pressure valve.

Designed with improved balance, easily manageable during the cutting. By the use of bi-component plastics, has a shell with high resistance to wear and damage. Rubber grip inserts, low noise and minimal vibration, LED light over the working area.

Operating temperature: -15 to +50 ° C
