

PROFESSIONAL SCISSORS

Light, robust and safe

Extremely lightweight and robust for safe, easy handling and comfort. Easy cutting of conductors upto 50 sqmm using the shaped grooves in each blade. Safe and easy operation even when wearing work gloves.

Professional scissors with Special Steel frame for high resistance and long life. Ergonomic and dual compound plastic handles: structure in Polyamide loaded with Glass fibre and inserts of soft rubber.

The antiloosening pivot and bevelled profile allow the accurate and consistent alignment of the blades. High hardness blades (58 HRC) and an antislip serrated edge for making precise cuts even on more difficult materials.

Shaped groove for cutting conductor up to 50 mm².

Supplied with carry case and swivel belt hook.

Micro serrated blade

Antiloosening pivot

Dual compound material

Case with swivel belt hook
