

CORDLESS HYDRAULIC CUTTING TOOL B-TC250BS

Hydraulic cable cutter for bronze, steel and aluminium

Can be operated with one hand. Balanced for greater control.
Head rotates 180° for ease of operation in confined spaces.
The open head and the “scissor” movement of the blades facilitate the cutting of running cables.
Fitted with a maximum pressure valve.

Extremely quiet, minimal vibration. Durable moulded body offering high resistance to wear and damage in all operating conditions.

New Li-Ion 18V 2Ah High Power battery. The battery is equipped with LED indicators to show the remaining battery life at any time by pressing the adjacent button. Supplied in a robust plastic case to accommodate the tool and all the accessories. Two batteries and charger included.

Operating temperature: -15 to +50 ° C
