

# B35M-TFC Cordless hydraulic cable cutter

Cordless hydraulic cutting tool B35M-TFC with interchangeable dies to perform a perfectly perpendicular cut without deformation of the wire shape.

- Balanced tool for greater control
- Head rotates 180° for ease of operation in confined spaces.
- Fitted with a maximum pressure valve.
- Automatic return of dies after completion of the cut.
- Automatic return can be stopped at any time to ease positioning.
- Extremely quiet, minimal vibration.
- Durable moulded body offering high resistance to wear and damage in all operating conditions.
- Ni-MH battery; powerful, better environmental compatibility.
- Battery condition displayed after every cutting operation and after any battery insertion to show the residual battery power.
- Supplied in a robust plastic case to accommodate the tool and all the accessories.
- Two batteries and AC charger included.

Supplied in a sturdy plastic case VAL P43 suitable for storage of the tool and 4 sets of dies. Measure: 496 x 370 x 137 mm Weight: 2,7 kg

## Additional Equipment

- CFC12-24CN, 12 V car charger
- BPS 230.96. Power supply (220-240 V 50-60 Hz).
- **RH-TFC can be used with the following 700 bar hydraulic pumps:**
- HTP, manual edition
- P0-7000, with foot pedal
- B70M-P24 portable electro-hydraulic pump with 24V DC motor,
- powered by internal battery or external power supply
