

MONOi

Indoor termination for single- and 3-core indoor medium voltage cable type TSLE-TSLF

Termination set for single core PEX-insulated high-voltage cable, type TSLE / TSLF, 12, 24 and 36kV. The MONO series consists of a shrink current resistant shrink tube containing a field controller coating (stress control). Mastic glue provides sealing against cable lugs and outer jacket.

Each set contains

- 3 complete single core end terminations
- Red mastic
- Black field-distributing mastic
- Cu-thread
- Cleaning cloths
- Assembly description

The product has been tested and approved for use up to and including 36 kV after Cenelec HD 629.152 and IEC 60502-4.

- Easy assembly
- Good cross-sectional flexibility
- Supplied with screw cable lugs
- For 36kV, earthing set type CR is recommended for the Al laminate

Single core
